Sightseeing | Panoramic

This excursion is the perfect way to enjoy one of Corsica's main attractions: its ruggedly beautiful landscape; winding roads take you from one picturesque village to another.

The ancient circular village of Sant'Antonino, perched on a rugged rock overlooking the sea, is one of the oldest inhabited villages in Corsica and one of the highest. Visible from afar, it offers a magnificent 360° panoramic view. In the 9th century it was ruled by the Counts of Savelli, who built the now ruined castle to defend their clan. The narrow cobbled streets, arched alleys and neat stone houses have survived the passage of time and have changed little over the last three hundred years. Sant'Antonino is listed as one of the "most beautiful villages in France" and is much loved by visitors for its spectacular views.

After a short visit to Sant'Antonino, you will be taken to the hilltop village of Pigna.

This charming village in the heart of the Balagne region is built on a rocky promontory 224m above sea level, at the foot of a mountain some 562m high. It is a feast for the eyes with its flowered streets and attractive village square. Pigna is dedicated to the pursuit of arts and crafts and a community of artists has settled here. It is the ideal place to buy some authentic Corsican souvenirs, made on the spot and sometimes in front of your eyes.

You will spend some time in the village and then the coach will take you back to Calvi via the charming old villages of Corbara and Aregno.

Please note: This tour involves walking over cobblestone and uneven surfaces, with many steps to negotiate.

This tour involves a lot of driving. Corsican roads are panoramic but winding, so this is not the ideal tour for guests suffering from motion sickness. You will spend approximately 40 minutes in each village (Sant'Antonino and Pigna). Itinerary might be reversed.

Dress for the weather, wear comfortable walking shoes and bring a hat and water.

MONACO - Walking tour in the principality of Monaco

Sightseeing

The tour begins at the world-famous port of Monaco, from where you will be taken to the old town, built on a rocky outcrop with panoramic views over the new town and Monte Carlo with its skyscrapers. This tiny principality has been ruled almost continuously by the Grimaldi family since 1297.

Do you believe in fairy tales? Whether you do or not, this enchanting city is not to be missed. Escalators and lifts take you up to the top of the old town. Once on the hill, a guided walk through the narrow streets will take you past the Oceanographic Museum, the Cathedral which contains the tomb of Princess Grace and Prince Rainier III, and the exterior of the Prince's Palace (no interior visit included). Enjoy some free time before rejoining the ship.

Please note: This tour is not suitable for guests with mobility issues. At the Cathedral, tour guide will give explanations from outside before guests enter. The Cathedral could be closed without notice due to religious ceremonies.

Dress for the weather, wear comfortable walking shoes and bring a hat and water.

Appropriate attire is required to visit the Cathedral (no bare shoulders or shorts are allowed).

SAINT TROPEZ - Time at leisure (no shore excursions organized)

Up until 1958 Saint Tropez was just a sleepy, picturesque fishing village; then the legendary couple Brigitte Bardot and Roger Vadim arrived, bringing with them a touch of glamour, and changing the place beyond all recognition.

In the 1800's St Tropez became a center for art and culture with the arrival of the French writer Guy de Maupassant and the Impressionist painter Paul Signac who brought with them a host of talented contemporaries, including Matisse.

Today St Tropez is famous the world over for being one of the most glamorous locations on the French Riviera. While it is mostly known for its beaches and port filled with millionaire's yachts, it also boasts tree lined squares, pastel-coloured houses, chic boutiques and quaint cafés serving a delicious local pastry the "Tarte Tropezienne".
