Active & Adventure | Nature

Discover Ibiza on our "off the beaten track" adventure, a fantastic opportunity to discover unusual places inaccessible by coach. The excursion starts directly from the pier, where you will board your jeep and be taken inland "off the beaten track" to explore areas of the island untouched by the growing tourist industry, places that have remained unchanged for hundreds of years. The scenic route has been specially designed to showcase all of Ibiza's original beauty, passing through small rural villages, verdant valleys and mountain tracks, allowing you to see the island from a different perspective, not as a clubber's paradise, but as a perfectly preserved environment where nature reigns supreme.

During the tour you will visit the beautiful beach of Sa Caleta, the viewpoint of Es Vedrá, a magical place according to the locals, and end your tour at Cala Comte, where you will have some free time to have a drink or a swim if you like.

Please note: This tour is not suitable for guests with limited mobility, pregnant women or anyone suffering from conditions (back, neck or other) which may be affected by bumpy roads.

Dress for the weather, wear comfortable walking shoes and bring a hat and water. If you plan to swim at the beach, wear a swimsuit under your clothes and bring a towel from the ship and sunscreen.

Panoramic

Discover the beautiful southern part of the island of Ibiza on this fascinating tour!

Departing from the port of Ibiza, we head to Las Salinas, Ibiza's famous salt flats. The salt flats, rows of ponds full of salt water, are a beauty to behold. The salt industry is one of the oldest on the island, with the Carthaginians trading Ibiza's "white gold" 2,500 years ago. The salinas that you will see on this tour are the same ones that the Carthaginians and Romans built to extract salt from seawater through the process of evaporation.

Our next stop is the small mountain village of Sant Josep, where you can visit its 18th century church and stroll through the picturesque village.

From here we continue to Sant Antoni, once a quiet fishing village, but a pioneer of Ibiza tourism and now a lively, bustling port that was soon followed by the rest of the island. Enjoy some free time here to browse the myriad of local shops or take a stroll along the fountain-lined promenade.

Before returning to the cruise port, we will take you to the lower part of Ibiza's old town, Dalt Vila, where you will have some free time to explore.

Please note: This excursion involves moderate walking over uneven ground with some steps and inclines.

Dress for the weather, wear comfortable walking shoes and bring a hat and water.

Estimated driving times: 20min between the port and Las Salinas; 20min between Las Salinas and Sant Josep, 20min between Sant Josep and Sant Antoni, 30min between Sant Antoni and Dalt Vila, 15min between Dalt Vila and the port. In Dalt Vila, you will visit only the lower part of the town. The order of the visits is subject to change.

History & Culture | Unesco

The first stop on the tour is Monte Toro; at 357m it is the highest point on the island and the views are absolutely breathtaking, on a clear day you can see Mallorca to the south-east. The site is considered the spiritual centre of Menorca and has been a place of pilgrimage since the 13th century. The remains of an old Augustinian monastery are still visible and there is a small church with a carved wooden image of the Virgen del Toro, the patron saint of Menorca. Legend has it that Monte Toro takes its name from a bull (el toro) that led a group of monks to a statue of the Virgin Mary carved into the rock face.

The route continues to Torralba d'en Salort, a prehistoric Talaiotic settlement dating from 2000-1000 BC. The taula is made up of two rock slabs, one on top of the other, forming a "T". The monument is more sophisticated than many other prehistoric constructions and is generally believed to have been used as a sanctuary. The taula is unique to Menorca and, despite the shared Talayotic heritage, there is nothing comparable in Mallorca.

Afterwards, the coach will return to Mahón and the participants will leave the coach and walk through the 18th-century town (mostly downhill) to reach the pier.

Please note: This tour involves moderate walking (approx. 2.5 hrs) over uneven surfaces and some inclines.

Dress for the weather, wear comfortable walking shoes and bring a hat and water.

Estimated driving times: 30min between the cruise pier and Monte Toro; 30min between Monte Toro and the archeological site; 20min between the archaeological site and Mahón. Arrived in Mahón city center, the visit continues on foot back to the cruise pier.

Active & Adventure | Nature

This is a must for nature lovers, the wildlife is abundant in this protected area and the coastal views are simply stunning! A short 15 minute drive will take you to Es Grau, a typical Menorcan village in the middle of S'Albufera Natural. The park includes the wetlands, a marshy coastal area consisting of a 2km long lagoon surrounded by a system of dunes and a river that flows into the sea. You will be taken on an itinerary designed to showcase the flora and fauna of the wetlands. The park is home to a wide variety of bird species; waterfowl such as ducks, coots, herons and shags live alongside birds of prey such as ospreys, kites and booted eagles, while the streams and ponds of the wetlands are populated by Iberian green frogs and toads. The vegetation consists mainly of wild olive trees, holm oaks, lentisk, jasmine box and tree spurge. The route takes you along the Cami de Cavalls, a bridleway that goes around the island, through the woods and then along the water reserve that leads to the beach of Es Grau. From here, follow a winding path up to the headland overlooking Isla Colom off the north coast. Continue down to Cala Tamarells before returning along the beach to the village of Es Grau.

Please note: This tour is suitable only for active guests, as it involves extensive walking over natural terrain (approx. 5 km walk).

Dress for the weather, wear proper hiking shoes and bring a hat and water.

The journey between the cruise pier and the nature reserve takes approximately 15min each way.
