lunch included

History & Culture | Unesco | Food & Wine

Visit the Barumini UNESCO World Heritage Site with our guide and learn about the prehistoric history and culture that built the "Nuraghi", a special type of defensive structure that has no parallel anywhere else in the world. These austere and imposing Bronze Age megalithic structures are one of the most characteristic features of the Sardinian landscape. From the port, you will enjoy a scenic drive towards Barumini, crossing the Campidano plain, the largest in the region and once considered the granary of the Roman Empire.

A traditional Sardinian lunch awaits you before you visit the archaeological site. The nuraghe of Barumini is the largest nuraghe in Sardinia and, for its state of preservation and imposing architecture, it is the most famous and important archaeological site on the island.

The building was designed for a single family but, following the political and social evolution of the island, the main tower was incorporated into a structure made up of four other towers and, over time, the "nuraghe" became a fortified village, a small urban settlement inhabited by families of soldiers and craftsmen.

At the end of the visit you will reboard the coach and return to Cagliari. Enjoy a panoramic drive through Cagliari on your way to the Basilica of Bonaria, where you'll have the opportunity to take a photo from the bus. Then continue to Monte Urpinu (photo stop). From the top you can admire the view of the Gulf of Cagliari, with the 8 km long Poetto beach and the Molentargius lagoon. Return to the port at the end of the tour.

Please note:

- ✓ This tour involves extensive walking /standing (approx. 2 km walk) over cobblestone and uneven surfaces with many steps to negotiate at the archeological site. The passages inside the nuraghe are narrow and tortuous.
- ✓ The group can be split in smaller groups to visit the nuraghe.
- ✓ Dress for the weather, wear comfortable walking shoes and bring a hat and water.
- ✓ The drive between Cagliari and Barumini takes approx. 01:10 (each way). The order of the visits is subject to change.
- ✓ In case of heavy rain (even recent), the archaeological site can be closed without notice; in this case guests will visit Casa Zapata, the museum of the archaeological excavations.

You will be taken on an itinerary designed to showcase the flora and fauna of the wetlands. The park is home to a wide variety of bird species; waterfowl such as ducks, coots, herons and shags live alongside birds of prey such as ospreys, kites and booted eagles, while the streams and ponds of the wetlands are populated by Iberian green frogs and toads. The vegetation consists mainly of wild olive trees, holm oaks, lentisk, jasmine box and tree spurge. The route takes you along the Cami de Cavalls, a bridleway that goes around the island, through the woods and then along the water reserve that leads to the beach of Es Grau.
